## Acquisition International Announce the Winners of the 2016 Business Excellence Awards

United Kingdom, April 2016 – Acquisition International Magazine have announced the winners of the 2016 Business Excellence Awards.

The prestigious Business Excellence Awards were first established to highlight and celebrate the outstanding performance and results achieved by the leading lights across the corporate world, despite working within increasingly competitive markets.

Whilst we understand that there are many aspects to a business' success, corporate leaders are at the forefront of all industry development and bear a vast responsibility, utilising their ingenuity, creativity and industry experience to steer their firm through trying economic times. Overcoming adversity is key to good business leadership, and these awards reward those who have worked tirelessly to help both their business and the wider industry to survive despite operating in an increasingly tough corporate climate.

Laura Hunter, Awards Coordinator commented on how proud she was to chair these prestigious awards: "This awards program showcases the talent, dedication and sheer drive of business leaders from across both the globe and the corporate landscape. I am truly honoured to be able to highlight their achievements and wish them continued success in the future."

Acquisition International prides itself on the validity of its awards and winners. The awards are given solely on merit and are awarded to commend those most deserving for their ingenuity and hard work, distinguishing them from their competitors and proving them worthy of recognition.
